Note: For your NCR kit, we will coat up to six nozzles for you and there is no charge of any kind for the coating process for the nozzles that are part of your kit. Nozzles vary greatly in size, shape, surface area, and the cost to coat--so in order to simplify matters we will apply PerfectArcs self-cleaning coating to your qualifying NCR kit nozzles for you at no charge. The $75.00 NCR kit fee is used to partially cover our expenses for setup, fixtures, handling, etc. The cost of production-quantity PerfectArcs self-cleaning nozzles typically ranges from $15.00 to $75.00 per nozzle depending on nozzle type, size, shape, order quantities, and other factors. If you are not completely satisfied with the coated nozzles in your NCR kit simply return them within 60 days for a full refund of your kit fee.

***Important shipping note:** We will transform the nozzles you send to us into PerfectArcs nozzles and ship the nozzles to you at the "SHIP TO" address you indicated above. All NCR kit prices are F.O.B. Dalton, GA. Our normal shipment is via UPS ground. Please check a box below to indicate your shipping preference.
